## Palm Food (Granular)

### Premium granular fertiliser for Palms, Cycads and more

Are you palms or cycads looking like they are stressed or need a boost, Palm Food might be just what you need.

Palms and Cycads look great, both indoors and out for that wonderful tropical feel and our granulated slow-release Palm Food is the ideal way to keep them looking healthy and vibrant. As always, we have incorporated the best natural and conventional ingredients to ensure we maintain the soil health and plant integrity. Palm Food incorporates sophisticated inputs like humic granules, natural guano and balanced minerals and trace elements, along with NPK levels ideal for palm, cycads and many other similar plants. The no pong formula makes it perfect for indoors use and around pools and resorts.

**Ideal for** – boosting the nutrients levels of palms, cycads, bamboos and lawns.

 Sizes: 1kg, 3kg, 8kg, & 1000kg

### Benefits

- Easy, convenient application
- Assist in development of rich green leaves
- Assists Root Growth
- Aids in the retention of water
- Available for domestic & commercial use
- Can be used alone or as part of a balanced fertiliser program.

Magnesium	2.2%
Sodium	0.4%
Copper	928 ppm
Zinc	1150 ppm
Manganese	2300 ppm
Boron	93 ppm
Molybdenum	584 ppm
Silicon	112 ppm
PH	7-7.5
Appearance	Multi coloured granules

\* Typical analysis only of bulk concentrate.  
Analysis may vary due to natural inputs and dilution.

#### Applications – Cont.

##### APPLICATION RATES

- Small pots – 1 teaspoon
- Large pots – 1 tablespoon
- 30-50 grams per square metre
- 3- 5 kg per 100 square metres or
- 300-500 kg per hectare.

##### APPLICATION FREQUENCY

- Monthly or as required.

##### ADDITIONAL POINTS OF NOTE

- To be used as part of a balanced nutrition program.
- While this fertiliser will not burn when applied at the recommended rate we recommend that you water in well after applying for best results (this helps activate the biology).
- Do not apply to exposed roots.
- All recommendations are provided as general advice only.
- Contains organic, inorganic and microbial inputs. Avoid breathing dust and wash hands after use. Wear safety equipment as required.

All recommendations are provided as general advice only. As no control can be exercised over storage, handling, mixing, application, weather, soil or plant conditions, the buyer assumes responsibility for the use of any Plant of Health products. \*Note Analysis may vary slightly due to natural inputs.
